

TOTAL PERFORMANCE SWIM CAMPS

Thinking about a swim camp this summer?

Total Performance Swim Camps (TPSC) at Kenyon College in Gambier, OH offers a great swim camp program for a variety of swimming levels.

The Competitive Stroke Camp curriculum is built around three principles – swimming efficiently, training effectively, and having fun.

Campers will receive small-group instruction in a low swimmer to coach ratio environment, team and leadership building sessions, daily video analysis of strokes and classroom sessions. Most importantly, TPSC campers have FUN –both in and out of the pool – with scavenger hunts, variety shows, games and meeting new friends!

The camp accommodates both the novice and highly-trained swimmer (ages 10 – 18).

CFYN swimmers who have gone in the past have had great experiences at these camps. More information about the camp and camp brochures can be found at <http://tpscamps.com/>.

TPSC has offered CFYN swimmers a Team Discount Program. CFYN Swimmers will receive a \$35 discount if we send 6 - 9 swimmers and a \$50 discount if we send 10+ swimmers. Swimmers do not need to attend the same camp or even the same week. If you have any questions, please contact Michelle Marshall at Morgison2@neo.rr.com. Also, if you know already that you are planning on attending the camp please contact Michelle Marshall so that she can get your campers name on the list for the discount.
