

CFYN Tigersharks
Home School Academic Achievement Form

The CFYN Tigersharks offer an Academic Achievement Award to any student who achieves at least a B (3.0) average in their subjects. Since we are aware that home schooled children do not always receive formalized report cards, we are offering this form as alternative documentation for our Academic Achievement Award. Please fill this form out and turn it in to your age group coach when you see an announcement asking for report cards to be turned in.
