# Sudden Cardiac Arrest and Lindsay's Law Parent/Athlete Signature Form

**What is Lindsay's Law?** Lindsay's Law is about Sudden Cardiac Arrest (SCA) in youth athletes. It covers all athletes 19 years or younger who practice for or compete in athletic activities. Activities may be organized by a school or youth sports organization.

**Which youth athletic activities are included in Lindsay's law?**

- Athletics at all schools in Ohio (public and non-public)
- Any athletic contest or competition sponsored by or associated with a school
- All interscholastic athletics, including all practices, interschool practices and scrimmages
- All youth sports organizations
- All cheerleading and club sports, including noncompetitive cheerleading

**What is SCA?** SCA is when the heart stops beating suddenly and unexpectedly. This cuts off blood flow to the brain and other vital organs. People with SCA will die if not treated immediately. SCA can be caused by 1) a structural issue with the heart, OR 2) an heart electrical problem which controls the heartbeat, OR 3) a situation such as a person who is hit in the chest or a gets a heart infection.

**What is a warning sign for SCA?** If a family member died suddenly before age 50, or a family member has cardiomyopathy, long QT syndrome, Marfan syndrome or other rhythm problems of the heart.

**What symptoms are a warning sign of SCA?** A young athlete may have these things with exercise:

- Chest pain/discomfort
- Unexplained fainting/near fainting or dizziness
- Unexplained tiredness, shortness of breath or difficulty breathing
- Unusually fast or racing heart beats

**What happens if an athlete experiences syncope or fainting before, during or after a practice, scrimmage, or competitive play?** The coach MUST remove the youth athlete from activity immediately. The youth athlete MUST be seen and cleared by a health care provider before returning to activity. This written clearance must be shared with a school or sports official.

**What happens if an athlete experiences any other warning signs of SCA?** The youth athlete should be seen by a health care professional.

**Who can evaluate and clear youth athletes?** A physician (MD or DO), a certified nurse practitioner, a clinical nurse specialist, certified nurse midwife. For school athletes, a physician assistant or licensed athletic trainer may also clear a student. That person may refer the youth to another health care provider for further evaluation.

**What is needed for the youth athlete to return to the activity?** There must be clearance from the health care provider in writing. This must be given to the coach and school or sports official before return to activity.

All youth athletes and their parents/guardians must review information about Sudden Cardiac Arrest, then sign and return this form.

# CFYN Tigershark Swim Team

## Code of Conduct

***The undersigned athlete participating on the CFYN Tigershark YMCA or USA Swim Team agrees to abide by the standards of conduct outlined below in addition to those established by the coaching staff. All team members are expected to:***

1. Show good sportsmanship to both opponents and teammates at all times. This includes offering congratulations to opponents, win or lose, and cheering on your teammates.
2. Follow the directions of the coaching staff during practices, meets, and other team activities.
3. Follow the rules of any pool that you swim at and abide by the directions of the lifeguards & staff at those pools. This includes abiding by the YMCA Member Code of Conduct [www.akronymca.org/Membership/MemberCodeofConduct/](http://www.akronymca.org/Membership/MemberCodeofConduct/)
4. Keep hands and feet to yourself. Hitting, pushing, or any other types of aggressive/violent/intimidating/bullying type behavior will not be tolerated at any team practice, meet, or team social event.
5. Give your full effort and attention during practices. Do not distract or hinder the swimmers around you.
6. Locker rooms are for changing & showering only. Horseplay will not be tolerated.
7. Do not remove or take any article that does not belong to you, such as clothing, jewelry, money, equipment, etc.
8. Respect the property of any facility the team may visit or use. No swimmer shall tamper with or cause damage to any such facility. The parents of the swimmer will be responsible for 100% of the cost of any damage caused by their swimmer or themselves.
9. Display proper respect and sportsmanship toward coaches, officials, and administrators, fellow competitors, parents, and the public. This include refraining from use of vulgar language.
10. Promote positive team spirit and morale, which includes being humble in victory and gracious in defeat. Deal justly, kindly, respectfully, and intelligently with all fellow team members.
11. Wear the appropriate team suit, cap, and other clothing as prescribed by the coaches.
12. Swimmers should practice in their assigned practice groups only. Changing groups for scheduling or location convenience, or for coaching preferences is not permitted.
13. Do not possess, sell, or use alcohol, tobacco, or any non-prescribed drugs. This behavior is not tolerated.

## Parents

Healthy parent involvement is an essential part to any successful swim team experience. As such we encourage parents to get involved with the team and be positive influences on their swimmers and the team as a whole. However, as with many youth sports these days, unfortunately, at times parents can become more of a detriment than an asset to their swimmers and team. Parent conduct that is detrimental or embarrassing to our Swim Team will not be tolerated, just as the conduct of the swimmers themselves, at practice and at meets, is expected to be at the highest level.

- Parents may NOT interfere during swim practices. Do not talk to coaches or swimmers during practices unless there is an emergency. Leave the coaching of your swimmer to the coaches at meets and practices.
- Parents are NOT to be on deck at any home swim meet, YMCA invitational, or USA meet unless they are signed up to volunteer.
- Parents must abide by the rules set by the host teams or facilities of all meets, both home and away.
- All parents are required to fulfill their minimum volunteer requirements and stay current on all team fees and escrow accounts.

### **Failure to comply with the code of conduct may result in, but not be limited to:**

1. Verbal warning/correction from a coach or lifeguard.
2. Temporary removal from a practice/meet
3. Written report about an incident & contact with a parent to discuss the issue.
4. Suspension from team activities including practices, meets, and team social activities.
5. A meeting with the parents, head coach, YMCA Executive director, and booster Board representative which may result in permanent dismissal from the team.

**Please note extreme behavior that puts the safety or wellbeing of the swimmers in jeopardy will not be tolerated and may result in immediate dismissal of the swimmer. This includes bullying, aggressive and/or violent behavior.**
